Standard Agreements

All terms of service are described in detail via Standard Agreements. These can be found by typing the key word "agreement" into the search box at globalbusinessaccess.com

Payment Terms:

If you, the *Client*, has requested additional services, there may be additional charges, please check your invoice for details. Full payment is required in advance, before online server service is established. All payments are in U.S. currency unless otherwise stated. All payment-due notices will be sent by electronic mail. No bills or invoices will be sent by postal mail or fax.

The account will be automatically renewed under the same time and fee structure unless you give written notice thirty (30) days before the renewal date that you do not wish to renew such account. Payment is due on the 20th day of the previous month, defined as late after 1st day of the month. If late, no additional fees the first three times. After the third time, you agree to pay a late fee equal to 10% of the monthly payment for each month that you are late. It is recommended that you think of this as a payment that you send out on the 15th. You can avoid late fees by simply paying at least one month ahead.

Emergencies: You can avoid late fees notifying us with one piece of information: when will you be able to send it. No need to give reasons. We thank you for letting us know.

Account Suspension

The *Client's* account will be considered suspended if a payment is late over thirty (30) days. If the *Client's* account is suspended, access to the *Client's* private company control panel may be stopped. Note: To avoid any embarrassment to the *Client*, if the *Client's* account is suspended, email and the *Client's* public website service will *not* be interrupted. In case of any problems with email or with the public web site, please notify the Engineer Lab right away so that service can be restored.

Cancellation

The *Client* can cancel this agreement at any time. Cancellations will only be accepted from the primary account holder. See the Managed Server Agreement for details.

30-day Money Back Guarantee

If you cancel within the first 30 days, we will refund first payment. Fees are not refundable after initial 30days. Details are available at globalbusinessaccess.com
